## PROFILE

Full-Stack Developer and software engineering student at Mbarara University of Science & Technology. Experienced in building high-performance web and mobile applications, API design, and clean, maintainable code. Skilled problem-solver and proactive learner with leadership experience as Speaker of MUCOSA, contributing to the tech community in Uganda and East Africa.

## WORK EXPERIENCE

**Rodvers Tech company Ltd.**  
Founder and CEO

2024 - PRESENT

Founded and lead Rodvers Company Ltd, driving digital transformation in Africa through custom software development, cloud solutions, IT consulting, and IoT integration for businesses, governments, and communities.

### Lwerudeso

ICT & database support volunteer /  
Assistant account

2023 - 2024

Supported organizations/school operations by managing databases, offering ICT support, and assisting with financial records. Ensured data accuracy, resolved tech issues, and contributed to efficient, transparent organization/school administration. Helped the organization/school embrace digital tools for smoother workflows and improved service delivery.
